Dear Camp Industry Business Partner:

We find ourselves in a time where regulators and legislators are making operating a camp a more difficult job than ever before. To help us all, we have formed a group of Camp Operators from throughout New Jersey, representing every kind of camp: private, non-profit, agency, religious, special pops, day, resident, township rec. programs, athletic programs, etc. NJC-GAP represents them all.

The main mission of NJC-GAP is simple: To raise money to support our lobbying efforts in Trenton. Please read our materials, talk to us, and join us. As there are only 35 ACA-Accredited Private Camps in New Jersey, support from businesses is crucial, as the Non-Profit Camps have limited funds for this kind of thing. We currently have over 50 members, including Non ACA-NJ Camps, large organizations, and a dozen businesses. **Business Members post their logo on our website with hyperlinks and contact info. We will also include it in all of our mailings, and send you our logo to use in your marketing materials.**

Please fill out the application below and return it with a check made out to "NJC-GAP". \$400 is the business membership fee, but as a new organization, we are accepting any contributions. **Thank you for your commitment the Camp Industry and the thousands of children, staff and families we service.**

Check out <http://www.acacampsnj.org/advocacy/agenda.php> for a current list of our agenda, and www.njcgap.org for a list of our 52 members.
